## Cookie Policy

Cookie is data that a website requests your browser to store on your device (computer, mobile device). Cookies enable the website to remember your actions and preferences (such as login, language, font size and other display preferences) over a period of time, so you don't have to keep re-entering them whenever you come back to the site or browse from one page to another. At SmartTel Plus OÜ (Dzinga and Apifonica), we believe in being transparent about how we use your information. This policy provides the information about how and when we use cookies.

## Does SmartTel Plus use cookies?

Yes. As described in our Privacy Policy, we use cookies and other technologies to ensure that visitors to our site enjoy the best possible experience. Cookies also help us keep your account safe. By continuing to use our services, you are agreeing to the use of cookies and similar technologies for the purposes we describe in this policy.

## How do we use cookies?

We use two types: persistent cookies and session cookies. A persistent cookie helps us recognize you as an existing user, so it's easier to return to Apifonica.com or Dzinga.com. A persistent cookie stays in your browser and will be read by Apifonica.com or Dzinga.com when you sign in or you return to the site. Session cookies only last for as long as the session (usually the current visit to a web site or a browser session).

Categories of Use	Description
Authentication	If you're signed in to Apifonica.com or Dzinga.com, cookies help us show you the right information and personalize experience.
Preferences, features and services	Cookies can tell us which language you prefer and what your communications preferences are. They can help you fill out forms on Apifonica.com or Dzinga.com more easily.
Performance, Analytics and Research	Cookies help us learn how well our site and web products perform in different locations. We also use cookies to understand, improve, and research products, features, and services, including when you access Apifonica or Dzinga from other websites, applications, or

	devices such as your work computer or your mobile device. Thus we capture subpages where you registered from, products you have chosen, etc.
--	--

## What third-party cookies does SmartTel Plus use?

To better understand how visitors to Apifonica.com or Dzinga.com use our services and to help us improve the user experience, we use third-party analytics providers that may also place cookies on your device (Performance, Analytics and Research of a previous chapter). Links to the privacy and opt-out policies for these third-parties are provided below for your information: Google Analytics (utma, utmb, utmc, utmz, [privacy policy](#) and [opt-out](#)).

## How to control cookies

You can control and/or delete cookies as you wish – for details, see [aboutcookies.org](#). You can delete all cookies that are already on your computer and you can set most browsers to prevent them from being placed. If you do this, however, you may have to manually adjust some preferences every time you visit a site and some services and functionalities may not work.
